The ninth annual "**MOSTLY MERLOT WINEMAKER'S DINNER**" is slated for Saturday, March 27th, 2004 at the prestigious Spokane Club. This event is the major fund and friend raiser to support Cancer Patient Care's mission to provide social service support for cancer patients and their families who have limited financial resource. ***Cancer Patient Care is not affiliated with any other local or national organization. Cancer Patient Care, inspired by local residents in 1958, provides un-duplicated services to Inland Northwest residents, and their families, struggling to overcome the issues associated with cancer and the inevitable financial and emotional struggles that accompany this disease.*** As a supporter you will directly benefit cancer patients and their families who have limited resources in our community in their ability to cope with the devastating disease and its treatment.

"MOSTLY MERLOT" has become a traditional event with a loyal following and we are planning for 150 attendees at the March 27, 2004 event. Last year thirteen wineries represented the event and gourmands representing five areas of fine dining establishments presented an elegant dining experience. Interest continues to grow within the wine community in "MOSTLY MERLOT."

It would be our honor to have your company represented at our event in the manner of a table sponsor. A gift of $1000 would go a long way in helping us to achieve our fund raising goals for this critical event. With your company represented at our event, you will receive premiere seating for six, have personal table service, and have your company's name prominently displayed on all of the promotional literature. Please contact Ali Craig, special event intern, or myself at 456-0446, if you have further questions.

In advance, thank you for your generous support of those in need.
